City Hires Guards For 5 Crosswalks At GC Schools

Preparing for the opening of school in Granite City next week and confronted with the state's refusal to permit continued use of portable electric traffic signals at major school crosswalks, council members Monday night voted to hire five school crosswalk guards.

The guards will be stationed at 22nd street and Madison avenue, 20th and Benton streets, Pershing avenue and Namooki road, Namooki and Ponton roads, and Wabash avenue and Johnson road.

The council originally planned to hire four full-time guards and one as an alternate in the event of the illness of a regular.

However, Third Ward aldermen Clyde Boyd and J. D. Bergfield insisted on a guard at 20th and Benton streets.

Other aldermen emphasized the crosswalks there are protected by a permanent type electric signal designed for school crossings, and that the hiring of a guard for that intersection was not recommended by the PTA Safety Committee named by Mayor Davis for a study.

The guards are to be paid \$6 a day by the city and are to be

on duty on school days from 8 to 9 a.m., 11:30 a.m. to 1 p.m. and 3 to 4 p.m.

Named to the posts, with location assignments to be designated by the mayor and chief of police were:

Samuel Shackelford, 2014 Palmer avenue, former Sixth Ward alderman; Al Bodman, 2101 State street, retired city fireman;

George Gallas sr., 2804 Warren avenue, unemployed former city sanitation department worker;

Charles Jackson, 2210 Hodges avenue, retired Illinois Terminal Railroad employee, and Erik Gerig, 2421 State street.

Several council members objected to the hiring of five full-time crossing guards, pointing out the city had set up \$4800 in the budget for the guards, which would pay four for the assigned duty times.

Boyd and Bergfield were urged to confer with the Emerson school PTA and officers of the PTA Safety Committee on the need for a watchman at 20th and Benton streets, because of the electric signal lights there.

Other aldermen said they had hazardous crosswalks at schools in their areas but were relying on the recommendations of the PTA committee.

Each member firm will have one vote in the election, regardless of the firm's size.

Eighteen names, recommended by August by a five-man nominating committee headed by Sam L. Meyer, will appear on the ballots. The ballots must be returned to the chamber office by 5 p.m. Thursday, Sept. 12, so that a five-man committee of election judges can begin the count.

Terms of the new board members will begin Oct. 1.

Alert Bank Teller Finds Counterfeit \$5

A counterfeit five-dollar bill was discovered Tuesday at First Granite City National Bank by Teller Joann Edwards. It was reported to the Press-Record by Cashier I. J. "Chuck" Pitman.

Pitman said that the bill, a silver certificate, was found to be counterfeit because the seal and the serial number were in red ink and there should be in blue. Also Lincoln's portrait was dark and spotted, said Pitman, and the lines were broken.

The bill was turned over to the secret service. Its source has not yet been determined.

Four Teams Clash Tonight In Semifinals Of Classic League Softball Playoffs

Spengler-Dawes and Granite City Steel Credit Union Tuesday night will join Miller & Mickey's and Rome & Roy's to complete the quartet of softball teams left alive in the Classic league playoffs.

Spengler-Dawes eliminated Madison Bowl, the "B" regional champion which will compete in the state "B" tourney over the weekend, 6-2, and Credit Union rose Carroll Glisson's four-bitter to a 3-0 victory over Second Baptist.

Miller & Mickey's and Rome & Roy's are scheduled to meet at 7 o'clock tonight, with Credit Union and Spengler-Dawes taking the field at 8:15. Tonight's Wilson Park winners will battle for the playoff trophy next week.

All Runs Unearned
All three Credit Union runs were unearned as the result of baserunners. Paul Hollis' double drove in the winners' final run in the sixth. Norm Grote, who allowed seven hits, was the loser.

Three of Spengler-Dawes' runs against Madison Bowl were unearned as the result of errors by the losers. Losing pitcher Rich Ewert also unearned two wild pitches during a three-run second frame for Spengler-Dawes, which gave up a tainted run itself in the first.

Winner Carroll Tingley shut out Madison Bowl through the next five innings. Singles by Bob Krause and Steinmeyer and Frank Laub's double plated a final Madison Bowl run in the seventh.

12 Clubs Seek Title In Slow Pitch Tourney

Twelve teams will vie for three trophies over the weekend at Wilson Park, where the Granite City park district is staging its 6th annual Labor Day slow pitch softball tournament.

Competition begins tomorrow evening with four games, and will conclude Monday night with third-place and championship contests. Team trophies will be awarded through third place in the single elimination tourney.

The opening game at 8 p.m. tomorrow will match Second Baptist and Rome & Roy's, with the winner to meet the Crew Cats at 8 p.m. Saturday.

At 7 p.m. tomorrow, Union Starch and Spengler-Dawes will meet, with the winner to go against Sportsman's Club at 7 p.m. Saturday.

Friday's third game at 8 p.m. will pair Home of the Blues and Madison Bowl, with the winner advancing to a Saturday game with Miller & Mickey's at 8 p.m.

Tomorrow night's final contest at 9 o'clock will be between Liberty Home and Niedringhaus Methodist. The winner will play a 9 p.m. Saturday game against Buzz's Tavern.

Two semifinal games will be played at 7 and 8 p.m. Sunday. Winners will play for the championship Monday at 8 p.m., following a third-place trophy game at 7 p.m. between Sunday losers.

GETTING THE WORD. Madison high school's nine returning football lettermen listen attentively as Coach Glen Pickering discusses pre-season practice plans, which include a Labor Day workout. Returning linemen (kneeling, from left) are center Bob Clinton, guard Harry Harrell, tackle John Onesty and Ted Nizinski and guards Tom and Jack Miller, who are twin brothers. Backs (standing, from left) are halfback Mike Konich, quarterback Gary Skinner and halfback Lester White.

Warriors Emerge From 2 1/2-Hour Scrimmage In Good Shape

Offense Clicks, But 6 Fumbles Mar Long Afternoon Workout

A 2 1/2-hour scrimmage session during which they ground out an estimated quarter-mile of yardage failed to produce any injuries Tuesday afternoon among varsity squad candidates at Granite City high school.

"The most serious casualty right now is me," wheezed head coach Jim Morrison, who is suffering from a heavy chest cold, the result of a bareheaded appearance at last Saturday's rainy morning practice.

Pleased with the overall performance of offensive units Tuesday, Morrison and his staff turned their attention to defensive formations first, with goal line formations first on the agenda. The Warriors averaged an eye-opening 47 yards per play on Tuesday, and it could have been better, Morrison said, except for six fumbles and an intercepted pass.

The guilty parties found themselves running a lap around the track. "And they may find themselves on the bench if it happens in a game," Morrison added.

Tuesday's offensive units were running against both Warrior and Assumption defensive formations, but Morrison wasn't say-

ing against which the greater success was enjoyed.

Number Ones' Wednesday
Following the longest head-knocking session in 12 practices, the No. 1 offensive and defensive lineups on the "four day" board looked like this:

Offense—Ron Yates and Joe Hauptman at ends, Tim Gibson and Jerry Line at tackles, Ernie Kern and Randy Stegelmeyer at guards, Mike Rousseau at center, Ricky Reutebuch at quarterback, Nick Petrillo and Joe Hiles at halfbacks and Bob Pyle at fullback.

Defense—Hauptman and Yates at ends, John Evenden and Line at tackles, Kern and Eric Robertson at guards, Gibson

and Jerry Lybarber at linebacks, Pyle and Hiles at halfbacks and Mike Mounce at safety.

With the opening of school today, the Redmen will revert to a one-a-day practice schedule. Morrison is still considering a Labor Day practice, but may call it off if the Warriors impress the coaching staff favorably prior to the summer's last holiday.

to reach the finals, Madison Bowl must win this contest, a quarterfinal game at 7 p.m. Sunday and a semi-final game at 2 p.m. on Monday. The championship will be contested on Labor Day at 8 p.m.

Two other teams from this area are in the tourney. Brighton, winner of the Alton regional, drew a first-round bye and will play its first game at 9 a.m. Sunday.

Gillespie, the Alton runner-up, is scheduled at 9 o'clock tonight against the Springfield regional, from the Springfield regional.

HOMEWORK

Section on individual defense in 106-page manual gets the attention of GCHS linemen Ron Yates (left) and Bill Pates, who bone up on assignments while awaiting the start of practice yesterday afternoon. Each member of Warrior squad has a copy of the manual, which was three months in preparation.

Pickering Schedules Two Labor Day Practice Periods For MHS Gridders

Madison high school engaged in the last of its two-day football practices yesterday, with Coach Glen Pickering observing: "Our backs are still ahead of our linemen; the boys up front are a little slow and their timing is off."

One of the reasons the Trojans drew higher marks in the backfield than along the line following the last pre-season practice was Nick Podoba, a Jack-of-all-trades whom Pickering said he is grooming to play possibly every backfield position.

"Nick has shaped up real well for us, especially for a boy who laid off of football in his junior year," Pickering pointed out.

Battle For FB Spot
Sophomore Paul Lusk, a hard runner but lacking in experience and 165-pound Len Harper, a junior transfer from McKinley in St. Louis, are both trying to nail down the starting assignment at fullback. But the way Podoba is going, he may beat them both out, Pickering said.

Mike Konich and Lester White, both lettermen, were working out in the No. 1 offensive backfield this week, with senior letterman Gary Skinner calling the signals.

Tackle Ted Nizinski also got an approving nod from Pickering for his personal improvement. "Teddy was the only lineman who didn't have to run a penalty lap for letting a back erre against him during our one-on-one goal line tackling drills," Pickering said.

New Faces Today
Madison's thin ranks may be bolstered a bit with the reporting of new personnel following today's classes, the first of the school year. "The only way these boys can possibly get in enough practice time to be eligible to play in our first game (Sept. 13 with Edwardsville) is for us to get in a double practice Labor Day," said Pickering. "So that's exactly what we're going to do."

One new face on the practice field this week belonged to Champ Summers, who may help bolster up the short-handed end department.

With the double holiday workout definitely in the works, Pickering and assistant Coach Joe Asperger are also toying with the idea of two practices Saturday. "We're far enough behind that we could use them," Pickering said.

Yesterday, the Trojans began working on pass patterns from the wing-T formation.

Loop Playoff Title Is Won By Bellemore

Bellemore Sporting Goods, which came on late in the season to grab the 35-Plus Slow Pitch softball title, won the league's post-season playoff trophy Monday night at Wilson Park.

Bellemore eliminated Club Delmar 11-6 in a semi-final game, and then topped All-Wood Fuel in the title contest, 9-4. All-Wood had reached the finals by defeating G Trust Bank 9-7.

The champions were stalked to a 3-0 lead in the first inning on Ed Hoff's three-run homer off losing pitcher Paul Thompson. They added two more in the third on triples by Babe Amelung and Gus Lignoul and an infield out.

Tied In Second

All-Wood had tied the score with three runs in the second on two singles, Thompson's double and a Bellemore error. Winning pitcher Pat Patterson shut out the losers after the second out. Dee Hillner's double and a single by Rufus Ketterer plated a fourth run in the sixth.

New Surface For 6 GCHS Tennis Courts; Assistant Coaches Named

Granite City school athletic programs and facilities were the subject of several items of business considered Tuesday night by the school board, which voted to proceed with application of a cold-mix surface to three new tennis courts and to name assistant coaches.

The board accepted an \$8220 bid from Tru-Bounce, Inc., Chesterfield, Mo., the tennis court building division of the Skrainka Construction Co., St. Louis, for resurfacing with Bitucote products.

Skrainka was listed as having installed tennis courts at Wilson Park in past years.

Holland Asphalt Co., Granite City, bid \$13,860 on resurfacing the courts with American Bitumuls from the Tru-Bounce Co., which had been used as the standard of quality. Bitucote was said to be "very close in characteristics" to the specified materials.

Application of the cold-mix surface to both the existing and the still unused tennis courts had been urged by tennis club officials, who said the park district has found that it provides the best playing surface. The tapered application will be at least a half-inch thick.

Backstop, Nets

The board accepted two low bids from the E. R. Hensley Co., St. Louis—\$290 on the backstop for the three new tennis courts and \$24 on the nets for the new courts.

The backstop will be formed by five six-foot-wide 100-foot-long rolls of fence fabric, and the nets will consist of three 34-foot sections of fabric.

Area covered by the new courts is 120x180 feet. It is immediately adjacent to the old 120x180-foot tennis area along Grand avenue on the Granite City high school campus.

Postpone Gym Bleaching

Proposed refinishing and bleaching of the GCHS gymnasium floor was postponed at the request of Principal Lawrence McCauley, Athletic Director.

Richard Yates, executive director of the Granite City Public Schools, Coach Andy Sullivan, who cited the effect of the three-week project on fall physical education and athletic programs.

Cost estimates for sanding, bleaching, steel wool removal of bleaching material, penetrating seal, finish seal, painting of game lines and a final coat of finishing seal ranged from \$4931 to \$1803.

The deferred bleaching work will be brought up again immediately prior to the 1964 summer vacation for a decision on whether to proceed with it at that time.

Several board members indicated a desire to have the end-grain pine block gymnasium floor replaced with maple flooring.

The replacement proposal originally was considered in July and was deferred pending further study. A construction strike would have prevented such work during part of August, it was noted.

At the request of Board Member Ronald Dillard, written opinions will be obtained by Supt. Harold M. Kaiser from GCHS administrators and coaches on whether they would be willing to accept the inconvenience of immediate replacement of the floor, estimated to take five weeks. The matter is to be reviewed at the Sept. 10 board meeting.

Dark Surface Cited

Board Member Robert Spengler said one of the main complaints has been that the floor has gradually darkened, making it difficult to see the lines of the basketball court. Dr. Kaiser said regulations require that such lines be marked with black paint.

The vote to reconsider bleaching next summer was 4-2, with President Ralph Fricker, Sec-

Industry Relieved, Rail Strike Halted

Quadrant City industrialists were relieved last night when President Kennedy signed the arbitration bill ending the threat of a nationwide railroad strike.

The rail industry and unions now have 180 days to settle their differences. The strike was scheduled to start last night and would have dealt a severe blow to Quadrant City industries and businesses.

Secretary George Stidham, Treasurer George Wortham and Ralph Buske voting favorably and Dillard and Spengler opposed. Daniel Linder was absent during the early part of the meeting.

Routine seating of the gym floor is to be carried out by the school maintenance staff.

By a 6-1 vote, with Buske dissenting, the board authorized Radio Station WTAD, Quincy and Station WAMV, East St. Louis, to broadcast their cities' games live from Granite City this fall. All schools in the Southwest Conference except Granite City have been permitted such broadcasts since 1949.

During a brief discussion of the football team's prospects, Dillard said he hopes for at least six victories out of nine games.

Coaching Assignments

Supt. Kaiser announced that Conrad "Babe" Champion will serve as assistant GCHS baseball coach in 1963-64. During other parts of the year, Champion will continue his duties as a Prather junior high school coach. He will succeed Donald Brumleve, who has left the local district, in assisting Head Baseball Coach Joseph Federa.

Robert Stegmeyer, Wilson grade school physical education teacher, will take over the Prather baseball coaching assignment.

Charles Weiss, a Coolidge junior high physical education instructor, will become assistant Coolidge baseball coach.

Walter Whitaker, Emerson grade school physical education teacher, will be assistant wrestling coach at Coolidge, while Mike Sikora, a Coolidge teacher, will become seventh grade basketball coach at his school.

Yellow baseballs were used as an experiment in a game between Pittsburgh and Brooklyn in the late 1930's, with the thought in mind that spectators might be able to follow the ball better.

Spalding Wins Mid-Season Championship

With Spalding returned to the Tri-City Speedway Tuesday night to grab top money and the first-place trophy in a special mid-season championship race for modified stock cars.

The Granite City driver beat out Chuck Lynch and Art Pauley, who finished second and third, in the 100-lap grind on the half-mile oval.

Spalding won in relatively easy fashion. His most serious challenge came from Bill Meyers, but Meyers ran out of fuel in the 80th lap and his car would not start after it had been refueled.

Tuesday's race program, which had been rained out last Saturday, drew the largest crowd of persons seen on hand.

In other events for modified cars, Chuck Taylor captured the handicap race for the six fastest qualifiers and Spalding, Pauley and Meyers won heat races.

The amateur class semi-final was won by Ron Taylor, with Jerry Baumgartner second. Ron Thompson and Baumgartner were winners in amateur heat events.

Jim Moss won the fender class feature, with Gene Dye second and George Gruendler of Madison third. Gene Jenkins and a Baumgartner took fender heats.

Weekend Racing

Eight-mile drag races are on tap at the speedway tonight, with qualifying runs beginning at 6 o'clock and eliminations at 8:30. Saturday's stock car program will include modified racing on the half-mile oval and fender and amateur events on the quarter-mile track.

A Labor Day evening race program is set up to include a 40-lap modified feature, 30-lap main event for amateur cars and a 20-lap wrapup for fender cars.

Two New Bismarcks

The construction of two new baseball diamonds for the park leagues was approved by the board. One will be laid out along Fehling road near Yale avenue and a second between the swimming pool and softball diamond. The diamonds will be scaled for seven through 13-year-old players.

The board turned down a request from the Namecki Little League to provide and maintain a diamond for a proposed Pony baseball league for boys 13 to 15 years of age.

Brown said a four-team league for boys in this age group could be formed, but would have to be a part of the park boys' baseball program and be governed by its rules.

Approved for payment for the period July 24-Aug. 27, were bills totaling \$5606, umpires' salaries of \$2076 and wages of \$16,503, a total of \$22,715.

take over payments on the present owner's loan or seek one of its own, which is the purpose of tonight's special meeting.

Other business on last night's agenda includes the passing of a motion to continue sponsorship of the park district Class "A" softball club, with financial assistance not to exceed \$1000 for traveling and lodging expenses next season.

Seven members of the team, led by Manager Conrad "Babe" Champion attended the meeting and presented commissioners with the second place trophy won by the club in last week's ASA Class "A" state tournament at Godfrey.

To Ban Model Planes

Atty. Randall Robertson was authorized to draw up an ordinance which will ban the flying of powered model airplanes on park district property.

Commissioners said numerous complaints concerning noise were received from residents along Fehling road near Wilson Park following two model contests recently held in the park.

Two New Bismarcks

The construction of two new baseball diamonds for the park leagues was approved by the board. One will be laid out along Fehling road near Yale avenue and a second between the swimming pool and softball diamond. The diamonds will be scaled for seven through 13-year-old players.

The board turned down a request from the Namecki Little League to provide and maintain a diamond for a proposed Pony baseball league for boys 13 to 15 years of age.

Brown said a four-team league for boys in this age group could be formed, but would have to be a part of the park boys' baseball program and be governed by its rules.

Approved for payment for the period July 24-Aug. 27, were bills totaling \$5606, umpires' salaries of \$2076 and wages of \$16,503, a total of \$22,715.

An end-of-the-year picnic for park employees will be held next Wednesday evening.

Council Plans To Seek Tax Commission For GC

Granite City council members referred to the Finance committee Monday night a letter received by Tax Collector E. R. "Pat" Rich from County Treasurer George Musso, refusing to refund tax payments made by Granite City property owners at Edwardsville.

The tax bill payments to the county office takes away the 25% collection commission from the city and gives it to the county. Musso's policy of retaining the commission is a change from past practices. He based his decision on confusion which he said resulted last year when taxes paid at Edwardsville during regular local collection periods was returned to township collectors.

The committee is to study the treasurer's letter and endeavor to retrieve the lost commission. Musso said it would amount to about \$200, while Rich has said the loss to the city could be as much as \$10,000.

Optimists Hear Plans For 50-Bed Hospital

Dr. Eugene Walton, a Granite City chiropractor, was guest speaker Monday evening at a dinner meeting of the Twilight Optimist Club at the Rose Bowl Restaurant.

Dr. Walton presented a brief history of his profession and told Optimists of his plans to build a 50-bed hospital on Maryville road near Maryville school. The hospital, a life-long dream of Dr. Walton, is expected to be under construction in about six or eight months. The project has been endorsed by the local AFL-CIO and is expected to receive approval by the state AFL-CIO. Two committee reports were given. Wilson Andrews in charge of Optimist Christmas tree sales for this year, told members that the project is currently in the planning stage. Charles Landis reported on finances and club membership. A board meeting is scheduled for this evening, and the next regular meeting will be held at the Rose Bowl on Monday, Sept. 9. Fifteen members were present at Monday's meeting.

Motorists Urged To Be Extra Cautious In School Zones

Safety patrols, adult crossing guards, flashing signals or signs can't do the job alone. Don Watson, Quad-City Safety Council President, today issued a back-to-school warning to motorists. Madison and Venice public schools open today.

"We establish as many safeguards for children going to and from school as we can," Watson said, "but much is left in the hands of motorists. 'Alert drivers can prevent many accidents. Children traveling in school areas are inclined to run and play without regard for the dangers of traffic. It is up to drivers of all vehicles to be especially alert while children are present. 'Bicyclists who have been riding on the sidewalks in their own blocks during the summer have often forgotten the hazards of the road. Some of these children may be riding in traffic for the first time. Although the speed limit in school zones is 20 miles per hour, it still takes a car traveling at 30 feet per second some time to stop. 'Experts say the normal, safe stopping distance for a passenger vehicle traveling at 20 miles per hour is some 47 feet. This is more than the width of the average city lot,' according to Watson. He concluded, 'Children are our stock in the future. We owe it to them and to ourselves to keep them happy . . . and especially to keep them safe.'

Mr. Marmion was a member of St. John United Church of Christ and Chemical Workers Local 50.

Survivors include his widow, Ethel; his mother, Mrs. Frances Westbrock; his father, Louis Marmion; three step-children, Loretta, Peggy and Deborah Young; two sisters, Mrs. Emil (Patsy) Gerkin and Mrs. Ralph (Carole) Young, and a grandmother, Mrs. Emma McMillan. All live in Granite City except Mrs. Young, a Madison resident. Funeral arrangements are given in today's obituary section.

Driver Examinations Set Records in June, July

Secretary of State Charles F. Carpenter has announced the number of driver license examinations in both June and July set new records for a one-month period. The June total was 85,767; the July total 93,708. Previous high was 75,344 in June 1960. The reason for the increase, Carpenter said, is substantial increases in enrollment for high school driver education courses.

Port Authority
Looks For Huge
Growth In Area

The Tri-Cities Regional Port District has \$1,500,000 construction planned immediately for the Granite City harbor area and expects to be able to handle cargo on a limited basis within 30 days, with rail facilities in operation by the end of this year, Commander John L. Barron, executive director of the Port District, told the Granite City Rotary Club at its Tuesday noon luncheon meeting, held at the YMCA.

"Our general and basic plans have not changed," Commander Barron said, "but prospects are much greater than we had anticipated due to our own underestimate of potentials and generally improved business conditions."

Although the Port District is empowered to levy a tax by referendum, current efforts of the district are geared to self-liquidating projects and there is a problem of securing basic facilities that might be shared by more than one industry. This requires considerable study and negotiation, he explained.

"Contrary to rumor, we do not contemplate any tax-free projects; in fact, Madison county has realized \$23,000 from our operations thus far and this should increase to \$30,000 a year."

Best Harbor In Area
The Chain of Rocks Canal offers the best harbor anywhere between the Illinois river and Chester, the port director said, and he pointed out that \$50 to \$60 million in industrial expansion already is in process north of the Cahokia canal.

"We have everything in Madison county in the way of industrial knowledge and skills," Barron emphasized, "and I would strongly urge that we do our own developing. We don't need outside help or specialists."

"By doing our own developing, we can preserve our county's integrity and economic stability. I'm sure you all know that our greatest assets are geographic location and availability of prime industrial sites."

Commander Barron said many new industries are taking a "good look" at this area and, while some are not entirely satisfied and look elsewhere, "most of them come back, realizing that even with our shortcomings, we have more to offer."

Growth Needs Help
"This area will grow in spite of us, but it certainly is to the interest of everyone to help that growth along. We should give more attention to local problems; we must be more concerned about having a good industrial climate to attract new industries and encourage existing industries to expand."

Referring to a recent confidential industrial survey, made for private purposes at considerable expense, the port executive said this area is rated exceedingly high. We are considered to have the only worthwhile and practical site for a river port.

Two problems that will confront industrial growth — and these must be faced soon — are sewage disposal and potable water supply, Barron concluded. "Granite City's" sewers cannot handle the requirements of small and medium size industry, but some answer will have to be found. Large industries usually can take care of their own needs.

Commander Barron was introduced by A. H. Gehlert, program chairman. Following his talk, President James Louis reported that Sunday's annual Horse Show was the most successful to date. Net proceeds from the event will be used for community service projects, as usual.

L. R. Andrews, 84, Falls
L. R. Andrews, 84, of 2770 Iowa street, injured his right hip in a two-foot fall off a ladder and was admitted at 8:30 p.m. Tuesday to St. Elizabeth Hospital. He was reported to be in good condition.

Madison Council Receives Bids For Drainage Line

Bids for construction work on Madison's proposed storm water relief drainage system were opened and received by the Madison city council at a special meeting Tuesday night.

The bids were referred to the city engineer for study and will be submitted to the city council's Sewer and Sanitary committee Friday. According to Mayor Stephen Maers, a contract for the work will be awarded within the next ten days and construction work should begin by mid-September.

The project will consist of an underground drainage sewer beneath Washington Avenue from Eighth to 14th street. Purpose of the project is to relieve the present combined drainage system which has been unable to adequately handle the city's storm water. The levee district has installed a drainage line to Eighth street.

List Of Bids

Area contractors who submitted bids for the project included the G. H. Sternberg Construction Co., \$452,481; A. H. Sebold Construction Co., \$474,739; General Contracting Co., \$466,786; and the Nelson Construction Co., St. Louis, \$637,843.

Following the opening of the bids, a short council meeting was held at which time Mayor Maers ordered Madison police chief Stanley Wojcik to crack down on late evening speeders who have been creating traffic hazards along Madison avenue from Third to Eighth street.

The council approved a request by the mayor to include a formal welcome to Dr. Oliver M. Lay and to ask him to continue his practice in the city. Dr. Lay, a surgeon and plastic surgery specialist, presently has an office in Granite City but has indicated that he will move out of the area in the near future.

Engineers Qualify As Teachers For Steel Institute

Twenty-nine Granite City Steel Co. engineers and metallurgists were awarded Illinois teacher certificates last night following intensive study courses this summer. They will be instructors for the Steel Institute, a unique approach to solution of the "training gap" caused by changing technology.

Offered free to Granite City Steel Co. employees, the 30-week night classes will begin Sept. 10 at Granite City high school after registration at the plant next week.

Courses offered to upgrade the skills of workers and supervisors include metallurgy, physics of mechanics, chemistry, mathematics, survey of steelmaking, communications and plant maintenance.

County School Supt. Wilbur Trampe awarded certificates to William Cady, Ron Chadwick, Larry Conant, Joseph Conway, William Conliss, George George, Al Hegger, Al Herzog, Richard Klorer, John Koester, Robert Lueders, Al Malotki, Ben McKee, Wendell McIlroy, Bob Nickell, Richard Nolan, Frank Ordway, Dale Orlick, Don Overall, Charles Palubink, Jake Parnley, Jack Patton, John Phillips, Charles Pohle, Pete Pucker, Howard Roberson, Frank Rogers, Harry Schneider, and James Tice.

Trampe described the mass presentation of certificates as a "first" in Madison county and Bill C. Levin, Granite City Steel training supervisor, who presided, called the institute "the answer to unemployment and displacement caused by technological advances."

Also addressing the dinner gathering at the Granite City Club were Mayor Maers, State Rep. Leonard R. Davis, and Mayor Maers.

Rich To Announce Final GC Tax Figure Friday

Monday's mail tax payments of more than \$48,000, increased Granite City's latest collection reported today by Collector Ernest T. Rich, who said that the number of payments remain to be processed and he would not be able to release a final collection figure until tomorrow.

Granite City's tax collection ended last Saturday and all residents who failed to pay their taxes here will have until Sept. 5 to pay them at the county treasurer's office in Edwardsville.

Venice Police Seek Clues
On Burglary At School

Pawnshops are being checked in an effort to locate two electric typewriters and an adding machine reported stolen this week from the Lincoln school in Venice. Also sought is a truck used to carry the machines from the school. Tire marks were found at the scene.

Entrance was gained by breaking a band room window. The thieves then broke a door glass to enter a hallway and walked upstairs to the typing room. No other rooms appeared to have been disturbed.

State police say they have no record of a call from Combs. The case will be heard by Earl Vaughaux, District Four justice of the peace, but no date has been set.

The truck stop proprietor is Hobson Meyers, 1604 Bremen avenue.

Change Of Venue In Truck Stop Row Case

A Glen Carbon village board member this morning asked for a change of venue in Edwardsville for a hearing on charges stemming from an incident early Tuesday morning at the Busy Bee Truck Stop, 4200 Highway 162 in the Pontoon Beach area.

Robert D. Combs, 37, was charged with disorderly conduct, resisting arrest and impersonation of a police officer.

Combs said he was attempting to get deputy sheriffs to take action against the cafe for paying off on a pinball machine. He said when deputies arrived about 3 a.m. Tuesday but refused to act, he called state police. Then, he claims, a deputy slugged him and took the phone receiver away.

Sheriff Barney Fraundorf has denied the deputy struck Combs, but said the deputy, John Urban, had to twist Combs' arm while taking him in custody. He said Urban and another deputy learned Combs had attempted to use a special police badge unlawfully to arrest a waitress.

Combs said the badge was given him as a member of the Glen Carbon boys' club. The truck stop, however, is in Nameki township and out of Combs' jurisdiction.

GC Family Suffers
Food Poisoning

Mrs. Doris Nicol, 3703 Franklin avenue, is recuperating at home after suffering emergency treatment this week at St. Elizabeth Hospital for food poisoning.

Other family members who suffered a mild dose of the poisoning were Mrs. Nicol's husband, Irving O., her two sons, Alan and Kevin, and her mother, Mrs. Willis Zier. Mrs. Nicol was the only one requiring medical treatment. Employed at the Metropolitan Life Insurance Co., Mrs. Nicol expects to return to work Tuesday.

Madison Council Receives Bids For Drainage Line

Bids for construction work on Madison's proposed storm water relief drainage system were opened and received by the Madison city council at a special meeting Tuesday night.

The bids were referred to the city engineer for study and will be submitted to the city council's Sewer and Sanitary committee Friday. According to Mayor Stephen Maers, a contract for the work will be awarded within the next ten days and construction work should begin by mid-September.

The project will consist of an underground drainage sewer beneath Washington Avenue from Eighth to 14th street. Purpose of the project is to relieve the present combined drainage system which has been unable to adequately handle the city's storm water. The levee district has installed a drainage line to Eighth street.

List Of Bids

Area contractors who submitted bids for the project included the G. H. Sternberg Construction Co., \$452,481; A. H. Sebold Construction Co., \$474,739; General Contracting Co., \$466,786; and the Nelson Construction Co., St. Louis, \$637,843.

Following the opening of the bids, a short council meeting was held at which time Mayor Maers ordered Madison police chief Stanley Wojcik to crack down on late evening speeders who have been creating traffic hazards along Madison avenue from Third to Eighth street.

The council approved a request by the mayor to include a formal welcome to Dr. Oliver M. Lay and to ask him to continue his practice in the city. Dr. Lay, a surgeon and plastic surgery specialist, presently has an office in Granite City but has indicated that he will move out of the area in the near future.

1315 NINETEENTH ST. GRANITE CITY

Family Service Group New United Fund Agency

The Family Service agency is a non-sectarian family counseling organization which is beginning its initial year as an agency of the Tri-Cities Area United Fund.

The agency, organized under the "General, Not-For-Profit Corporation Act" in 1957 and located in East St. Louis, is a group which provides assistance to clients with a wide range of social problems in the area. While marriage counseling is a substantial part of the organization's work, the agency also concerns itself with such problems as parent-child conflicts, child behavior problems, juvenile delinquency, problems of personal and social adjustment, and vocational and economic problems.

Counseling Interviews
Family Service renders its service through counseling interviews in the office, with occasional home visits for diagnostic purpose or to assist a client who is not able to seek the help which he needs.

Clients going to the agency either go voluntarily or are referred by lawyers, ministers, and priests, schools, judges, police, or other clients at social agencies.

Although the primary support of the Family Service Agency has come from the United Fund

of East St. Louis, the agency has been increasingly willing to help the growing numbers of Quad-Citizens seeking its assistance.

According to Michael H. Dalton, executive director of Family Service, during the past year the numbers of Quad-Citizens assisted by the agency has jumped to five and one-half percent of its total interviews from the one-half percent of total interviews given to Quad-City residents in 1960.

For a four-month period August to November last year the agency handled 228 cases, 50 of which involved Quad-City residents.

In a recent speech to the agency's board of directors Dalton said that he anticipated an even greater demand for the agency's services, particularly from the residents of the Quad-City area.

To help meet this demand the local United Fund has appropriated \$1500 of the agency's total budget for the 1964 fiscal year. The agency's present budget is \$32,000, but Dalton said that next year's budget will probably run in excess of that because of the organization's plans to hire additional personnel to handle the expected increase in clients.

Family service presently employs a paid staff of four social caseworkers and a full-time secretary.

Attorney General William G. Clark has advised Aubrey J. Holmes, Executive Secretary of the Teachers' Retirement System that the Board of Trustees of the Teachers' Retirement System has no authority to rent or lease any space whatsoever for a suitable office. This is true, Clark's opinion said, irrespective of whether such space is to be paid for from state funds or from funds acquired as gifts.

Housing authorities have no authority to expend state grant funds to pay the cost of group insurance programs for their employees.

Atty. Gen. Clark Rules On Bonds, Bodies, Insurance

In handing down opinions this week, Atty. Gen. William G. Clark has held that a company writing automobile liability insurance is not obligated to participate in a voluntary risk plan. However, Clark's opinion advised Richard G. Herhey, director of the State Department of Insurance, if such a company does not so participate in a voluntary risk plan it must insure all risks designated by the Director of Insurance. Failure to accept all such risks, Clark's opinion said, leaves the company open to suspension of its license.

There must be a dead body or evidence of such a conclusive nature as would cause a prudent man to believe a death had occurred before a coroner can assume jurisdiction, Clark has held. The statutes provide, Clark's opinion informed State's Atty. Robert E. Richardson of LaSalle county, that the coroner acts when a dead body is found. In asking the opinion, Richardson informed Clark that an amputated leg through inadvertence was placed in the city dump. Both the coroner and sheriff, Richardson said, asked him to secure Clark's opinion on the matter.

Ring On School Bond Issues
Clark has advised that a school board cannot legally employ anyone for a financial consideration to stage a campaign in support of a proposed school bond issue.

State's Atty. John M. Karns of St. Clair county has been advised that the parent of a mentally and physically competent adult male is liable for his support if he does not refuse suitable employment.

Sheriff's Fees
A sheriff may collect a fee of \$2 for each return as to persons upon whom he serves a subpoena, even though they be man and wife. Further, Clark's opinion advised State's Attorney Robert J. Wampler of Champaign county, it is proper for the circuit or county clerk to include more than one party in a subpoena or writ of execution.

A Civil Defense tax of not to exceed 25 cents per capita may be levied by a county in excess of the maximum county tax for general county purposes without a referendum, State's Atty. Bruce Irving of Pike county has been advised.

A bank may act as agent for a housing authority and may invest funds as authorized by statute.

K. Of C. Council Considers Long- Range Project

Tri-Cities Council 1098 of the Knights of Columbus is considering a long-range building and development plan which would include a new council home and, eventually, a civic auditorium. It was announced this week.

Discussions have been underway for the past several months by officers of the Columbus Home Association headed by Steve Saltich, president, and by K. of C. members on various building proposals.

A color sketch and floor plan on the overall proposal was designed by the firm of Gabriel & Dulgeroff, Granite City architects.

The development would start with the purchase of a site which would be used for picnic and as a ball diamond. A location has not been determined.

According to the preliminary proposals, the new home facilities would include a swimming pool and patios, a dining hall and kitchen, clubroom and lounge, card and game rooms, a room for pool equipment, an office, a locker room and a boiler room. A nine-hole golf course could be developed later.

The auditorium would be in the shape of a mushroom. As yet no time schedule has been developed.

MONDAY, AUG. 29, 1965
Four thousand adults and a youngsters turned out for a "Playground Day" celebration held Saturday at Wilson Park as a grand finale to the summer recreation program sponsored by the Granite City park district with the assistance of the WPA. Games and contests provided entertainment. In the afternoon, there was a special presentation. Following a basket picnic lunch, the amusements continued until 7 p.m. when the East St. Louis 25-piece WPA band gave an hour's concert.

Ralph Johns informs the Press-Record that extensive plans are being perfected for the Democratic parade Wednesday. The parade will be for the entire county. It will start at Maryville and will take place at the September meeting.

Johns has appointed Percy M. Davidson to have charge of the Quad City contingent. Tom Meahan for Venice and Ferd Krmpotick for Madison.

The parade will begin to form at 1 o'clock and will start from Maryville to Highland promptly at 2 o'clock. The Highland folk will wait at the city limits to welcome the parade and to escort it to the fairgrounds.

There Governor Royce, Scott Lucas and Louie Lewis will speak.

One of the largest crowds ever assembled at the Hungarian House Saturday night, heard Judge C. W. Burton deliver an address in support of his candidacy for state's attorney in the special primary to be held tomorrow. Standing room was at a premium, and hundreds were unable to gain admittance. Fully 2000 persons were present.

Others, in addition to Judge Burton, who addressed the meeting were Assistant Attorney General John B. Hatten, Scott Lucas, Harris of Nameck, Justice of the Peace Alexander Rostand, Alderman Clyde Powell, William Smith of Edwardsville and former Deputy Sheriff Harry Odum.

James Lynch of Granite City, who was elected temporary chairman of the Madison County Young Republicans Club on July 18, on Thursday night was made permanent chairman at a meeting held in Alton. Approximately 10 delegates from clubs all over the county were present.

Little Miss Charlene Cooley, daughter of Mr. and Mrs. Deward Cooley of Washington avenue, was honored guest Saturday afternoon at a party celebrating her fifth birthday. Two other little girls, who were also celebrating their birthdays, were Catherine Ann Kleinschmidt and Colleen Doyle.

Those to whom refreshments were served were: Catherine Ann Kleinschmidt, Colleen Doyle, Pauline Kennedy, John Hatten, Berry, Beverle Cochran, Sandra Sides, Kathleen Cooper, Jeanie Jones, Richard Lee of Wood River, Cover, Nell Hagler, Sally Cooley, the honoree, and several other guests, including Col. N. Y. Jones, Mrs. John Cooley, Mrs. Otto Breuer and Mrs. Kenneth Leaton.

THE FORUM

INSTALL SIGNAL LIGHTS AT PLANT ENTRANCES

To the Editor:
We read in the Press of a man killed crossing the street to Granite City Steel. There are crosswalks painted to designate proper crossing areas; this is good, but they don't serve as a deterrent to protect you from being hit.

There was talk of putting up crossing lights at plant entrances, but I believe when the cost was heard this was soon forgotten. Now a man was killed; it would have been a child. Regardless of who, some kind of crossing signals should be erected. The cost is nothing compared to a human life.

There should also be permanent school lights at all hazardous school crossings. This could save a life. As we all know, a life is precious, regardless of how small or large the person. It is sad to hear of anyone dying, or being killed, but it is touching when it is a small child.

The speed on 20th street is fairly fast due to some motorists, maybe because it is four-lane and a good street.

Twenty-first street is not as good, but the speed there also is fast. I watched this street on and off while working in the area. Most of the drivers going at a high speed were in the younger age group, girls and boys. There were yellow flashing signals blinking, but not many slowed down.

I don't blame the police department. They cannot cover the whole town, and they need more men to keep the speed down and to protect this town, then let it be up to special deputies to help out.

Spend tax money on good purposes. Hire our own taxpayers, not out-of-towners.

FOUNDER FISCAL POLICY

A 1964 ELECTION ISSUE

To the Editor:
To the Republican party in 1964 falls the responsibility of discarding the easy economics of the last 30 years and returning to the sound principles of thrift, self-reliance, personal initiative, opportunity and individual freedom.

To the Republican party falls the responsibility of restoring the soundness of Washington and bringing our government back to the states, communities and people.

All this is consistent with the fundamental conclusion that I reached some 20 years ago and began to teach to the voting public—the need to stabilize our national economy on the basis of sound fiscal policy.

We may debate pro and con the merits of Keynesianism, but the fact remains that the Keynesianism of the last 30 years has brought us to the point of economic disaster.

But when it comes to government finances, there is no alternative to conservatism that is consistent with the strength of our American dollar and the respect in which it is held.

Being conservative does not mean that we will regress to the past days of the early 19th century. I believe we can build a dynamic conservatism in which the things we can afford to do as a nation and thereby move ahead in the world.

I have often thought of presenting these issues to the public. To talk about such intangible concepts of inflation and deflation, and to explain, but translating the word "inflation" to constantly increased taxation does.

Tax Deadline Extended To Sept. 5 In County

Property owners in Madison County have been granted an extra five days to pay the second installment of 1962 taxes by George Musso, county treasurer. The taxes, originally due Saturday, are now payable until 5 p.m. Thursday, Sept. 5. Payments postmarked Sept. 5 will be credited without charge of the one per cent delinquency penalty.

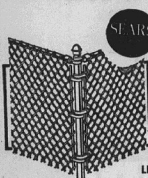

Musso cited two reasons for the extension: (1) The court house will be closed as usual Saturday and the next two days, Sunday and Labor Day, and (2) There has been an unavoidable delay in release of records to some township collectors. Delinquent taxes are charged one per cent a month until paid. First installment payments were due May 31.

Smith Plant Calls Back 800 Workers

More than 800 production workers returned this week to their jobs at the A. O. Smith Corp. auto frame manufacturing plant as work started for the 1964 Chevrolet frames.

A company spokesman said 300 maintenance and production workers returned earlier and total employment now totals about 1280. The firm is operating three production lines on two shifts.

The plant was shut down July 25 to convert production lines for the 1964 model frames.

City Bill List Includes Allowance For Inspector

Major items of expense on the \$22,648 bill list approved Monday night by Granite City council members were payments of \$15,291 to United Disposal Corp. for garbage and trash pickups in August and \$7724 motor fuel tax funds to National Power Rodding Co. for the final payment on sewer cleaning work in the business district.

A payment of \$240 to City Building Inspector Earl Bloomquist as depreciation allowance on his personal auto at \$80 a month for May, June, July and August was challenged by Alderman Edmund Bartosik.

He said that while the auto allowance was included in the new city budget, it had not been authorized by a separate vote of the council or an ordinance.

Labor Day Weekend Schedule Matches Mercer And Hearts

Two East St. Louis clubs will be shooting for titles in both divisions of the Southwestern Illinois Inter-City Baseball league over the Labor Day weekend.

Both St. Clair Heating in the Blue Division and Moose Lodge No. 4 in the Red need but a single victory to insure themselves of no worse than first-place ties.

They could be gained with victories Sunday afternoon: St. Clair plays at home against Granite City Sacred Heart and the Moosemen are at Carpenter.

Leaders Next Monday. If victorious Sunday, the two leaders will attempt to sail away the division crowns on Monday, Labor Day. The only hitch is that they meet each

other in East St. Louis, so one club—the loser—must wait until the final week of the season or until the other contenders eliminate themselves by losing.

Most important facet of a division title is the right to stand by during the first week of post-season playoffs while the second and third-place finishers in each league battle for the right to meet the titlists in the second-round eliminations.

While the Hearts are attempting the sizeable job of trying to deal St. Clair its third defeat in 19 games Sunday, Mercer Funeral Home will be at home to Troy at Wilson Park.

The Mercermen are still eyeing second place in the Blue division, a full game, but are all even with the Braves on the "loss" side.

Two Out Of Race
Sunday's schedule is completed with two games—Maryville at Pocahontas and Collinsville at St. Clair Heating.

against the Altwood Flyers at Pocahontas. Braves 13 5 .722. Mercer 11 5 .688. Sept. 30—Cahokia, home, 4. Oct. 1—Granite City, 7 (**).

Monday's headliner here is the traditional Labor Day game at Wilson Park between Sacred Heart and Mercer, with the Hearts the home team on this occasion.

The Moose-St. Clair contest at East St. Louis and Pocahontas-Altwood meeting at Roxana are other single holiday games, while Labor Day doubleheaders are scheduled at Fletcher Field between Carpenter and host Collinsville and at Maryville, where the Red Sox are at home to Troy.

The twin-bills will begin at 1 p.m. and the single games at 2:30. Seven league rainouts have yet to be rescheduled.

Apartments Present Sewer Billing Problem

Construction of apartment houses in the Nameoki area is creating a problem for the city. It is believed the Nameoki sanitary sewer system rate ordinance doesn't list charges for multiple family units.

About nine years ago, when the system was installed, there were duplexes, but no apartment buildings.

Granite City council members, upon hearing of the problem Monday night, referred the matter to the Finance committee, comptroller and city attorney to study the existing sewer rental rate ordinance and submit a solution, if necessary.

Arterial Designation Being Sought For Johnson Road

Eighth Ward aldermen are hopeful for success in securing state approval for a short section of Johnson road to be designated as an arterial thoroughfare, qualifying for improvements with motor fuel tax funds.

The section of the roadway between Franklin avenue and Lindell blvd., including the curve at the Edgewood drive junction, is partially outside the city limits. In the past limited maintenance on the low area has been carried out in cooperation with the highway department of Nameoki township.

Efforts to have the half of the street in Nameoki township

annexed to the city have been unsuccessful.

However, Alderman Earl Thompson secured a copy of state motor fuel tax regulations, which he presented to City Atty. George Fileoff Jr., and there is a possibility the city could qualify for state MFT funds for the entire roadway from Nameoki road to Pontoon road.

Alderman Nunn said the council had tried to get state approval before without success, but Fileoff said the MFT rules provide for an extension of an arterial designation even though the extension might be outside the city limits.

"It's worth a try," the attorney said.

A resolution to be submitted to the state was approved by the council.

In a long-range plan, the council will seek to improve Johnson road, a major thoroughfare in the city.

Bids Sought For New City Street Sweeper

Mounting repair bills for the city's seven-year-old street sweeper were stressed during Monday night's council session by Alderman G. H. Sternberg in requesting bids be sought for a new sweeper.

In answer to questions, Sternberg said the method of financing the cost has not been set, but can be decided upon when bids are received. The street department has an allocation of \$15,000 in its current budget for major equipment purchases.

Referred to the City Hall committee was a request from the civil defense organization for trucking its building—the old fire house on 19th street. The cost was estimated at \$14,000 and would be paid from the civil defense fund.

Approval was given a \$1025 contract with Jack D. Huggins, an accountant from East St. Louis, to audit city accounts at the close of the current fiscal year. Huggins' audit of last year's accounts was accepted and placed on file at the city hall. The \$1025 figure is the same as last year.

West 24th Project

Referred to the Street and Alley committee was a notification from the state highway department that plans for improvement to West 24th street from Ohio to Missouri avenues have been approved. Before bids are sought for the motor fuel tax project, the city is to submit to the state proof of necessary easements and agreements for relocation of utility lines.

An ordinance was adopted for posting of 30 mile-an-hour speed limit signs along State street from 27th street to Fehling road. It was brought out last week that the street between those two points was becoming a speedway.

Car Hit On 23rd Street

A hit-and-run driver damaged the left front of her car while it was parked in front of her home, 1628 East 23rd street, Rita Pinkerton reported to police at 12:45 a.m. Tuesday.

Falls Asleep, Auto Hits Sign, Two Posts

Falling asleep proved costly at 1:45 a.m. Tuesday to Cecil E. Jones, 44, of 2723 Marshall avenue, who was driving north on Madison avenue in Madison. The right front of his car struck light standards at the southeast corner of Madison avenue and

at 710 Madison avenue, and damaged beyond repair a city street sign at the intersection.

The auto was towed from the scene, and police charged Jones with careless driving and destruction of property. He was released on his chauffeur's license to return for a hearing.

EXCAVATION WORK for a 17 by 25-foot bomb and fallout shelter being constructed by Ronald Shafer (left), 2917 Edwardsville road, an 18-year-old senior at Granite City high school. The structure, to contain reinforced concrete footings and steel plate joists, will have nine to 10-inch concrete walls and will be able to accommodate about a dozen persons. Youths assisting in the work here are, from left, Fred Shafer, his brother, Charles Jackson, David Mills and Terry Osborn.

GCHS Youth Building His Own Bomb Shelter

A 17-year-old Granite City high school senior is constructing his own fallout and bomb shelter, fulfilling an ambition of the last three to four years.

He is Ronald Shafer, son of Mr. and Mrs. Gerald Shafer, 3345 Palm avenue, who lives at 2917 Edwardsville road with his wife and child.

Young Shafer, who insists that everyone should have one, currently is digging the shelter at the rear of his home. His mother said he works on the project day and night, as late as midnight or 1 a.m.

According to a building permit which he obtained, the structure will be 17 by 25 feet and will have reinforced concrete footings, steel plate joists, concrete exterior walls and a flat concrete roof. The estimated cost is \$600.

City officials who issued the permit were so impressed that they did not charge Shafer for the usual fee, which in this case would have been \$2.

Young Shafer has done research work on the project for the past three years, both in and out of school, and designed his own plans. During that time, he saved his money to finance the work. He works for his parents, looking after their used car lot on the corner of the block.

He is receiving some assistance with the work and recently held a contest among three of his friends to see who could move the most dirt. It was a test of strength. There were no prizes.

GO TO CHURCH SUNDAY

GC School Bus Contract Signed

Mitchell School To Use 3 Church Rooms Temporarily

Temporary rental of three Bi-State system where practice-classrooms in the Mitchell High School for charter trips within the county metropolitan area in day night by the Granite City school board. In addition, it was decided to use part of the system, has jurisdiction. Exceptions may include hand and foot equipment requiring special storage space.

For longer charter trips, bids will be sought from "over the board" bus firms.

Authority was given school administrators to add or delete routes—there are 53 morning and 52 afternoon runs—at \$280 an hour for a minimum of two hours and 25 cents a mile. Service for a particular day can be cancelled in most instances without penalty.

Rep Buses In GC

Dr. Kaiser and School Attorney Maurice Dailey said service is expected to be as good as in past years, and noted that buses used for the school routes will be kept at the former Community Coach Co. site in the 1600 block between Grand and Madison avenues.

Charter trips will originate either from East St. Louis or the North Broadway garage in St. Louis.

Bus routes approved by the board Tuesday night were the same as those in use last spring, plus a route for the trainable handicapped class. Further route additions are anticipated due to the anticipated enrollment increase for the term beginning next Tuesday.

Resurfacing, Insurance

During Tuesday night's session, the board decided to seek bids on resurfacing driveways at the Maryville and Lake grade

Painting Continues

In separate action, the board approved retention of two of four summer painters until Sept. 27 to complete exterior painting at Niedringhaus and Stallings grade schools and to paint several classrooms at Central junior high school.

Remaining interior painting, including classrooms at Niedringhaus and at Emerson grade school, will be done by the regular staff of painters during the school term.

The school board formally approved and then signed a contract with the Bi-State Transit System for transportation of students during the 1963-64 school year. Cost has been estimated at \$101,460, down \$12,460 or 11% from the \$113,920 spent last year.

Low Charter Costs

Basic cost will be \$570 a day, compared to \$640 daily in 1962-63. The cost of charter service is \$3 hourly plus 25 cents a mile—also is less than the charter rates which are generally available, the board was told.

The contract provides that the school district will utilize the

Township Budgets \$93,227 For Roads

Nameoki township's tentative road and bridge budget, totaling \$93,227, was unanimously adopted by the town board of auditors without alteration Monday evening at a public hearing.

The budget, for the fiscal year beginning Sept. 2, 1963, and ending Sept. 1, 1964, is divided into four funds—road fund, \$38,085; Illinois municipal retirement fund, \$2220; fund for construction or repair of bridges at joint expense of the county, \$6500; and the permanent road fund, \$46,422.

There was no appropriation in the budget for construction or maintenance of bridges, the construction or filling of roads, or weed cutting.

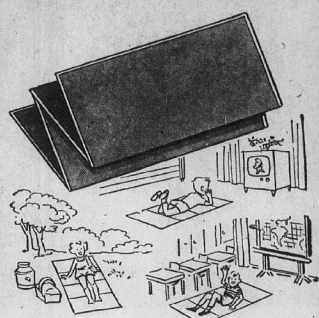

Township Supervisor Harry A. Briggs was unable to attend the meeting, so John Karlechnik, the town clerk, presided.

The next regular meeting of

the town board will be held Monday, Sept. 9, but a semi-annual town meeting is scheduled for Tuesday, Sept. 3.

The amount of sway at the top of the Washington Monument in Washington, D.C., is estimated at less than one inch.
